

## End-of-Semester Course Experience Assignment

Your insights about your learning experience in this course can help me see our class from your side of the desk. **Please respond to any three of the statements below (more if you'd like.)** Submit these anonymously; I will use them as I plan my courses for next semester.

In this course ...

- what most helped my learning of the content was **when...because...**
- my learning of the content would have benefited **if...because...**
- the assignment that contributed the most to **my learning was... because...**
- **the reading that contributed the most to my learning was... because...**
- the kinds of homework tasks **that contributed most to my learning were...because...**
- the approach I took to my own learning that I benefited from the most **was...because...**
- **the biggest obstacle for me in my learning the material was... because...**
- I was most willing to take risks with learning new material when... because...
- on **the first day, I remember thinking...because...**

What is something covered in this course material that you can do now that you could not do?  
Anything you did not fully understand at the beginning of our class?
