

Keeping It Simple

Some people use inflated language because they think it makes them sound impressive, but using words readers don't immediately recognize only slows them down and leads to confusion.

Use common language to rewrite these sentences. You may need to look up some of the words so you can choose simpler ones.

1. The manager tendered his resignation after a catalogue of unfortunate decisions mitigated his continuation as an effective leader.
2. After copious numbers of compulsory exercises requiring arduous mental calisthenics, the members of the team retired to intake libations.
3. It is a tricky problem to find the particular calibration in timing that would be appropriate to stem the acceleration in risk premiums.
4. Due to a negative patient outcome, the legal team at the hospital engaged in remediation strategies designed to palliate the possibility of litigious activities.
5. Once we prognosticate how upturns and downturns impact short and long-term income earning data, we'll generate a position paper.
6. We facilitated the cross-pollinated production of the hard deliverables and real-time benchmarks.
7. Only a disrupter of the most comprehensive scope will enable the stimulation of efficacious results.
8. The meeting will debrief participants about the egregious affair and instill alternative modes of deactivating such reprehensible behavior.
9. The disproportionate amount of grandiloquent terminology was detrimental to the ultimate goal of communicating the new regulations to the members of the audience.
10. Irrespective of the necessity to terminate the contract, the quintessential goal of the assembly is to truncate all further colloquy on the issue.
